

How to make a Dana, and Elkie air raid shelter.

You will need.

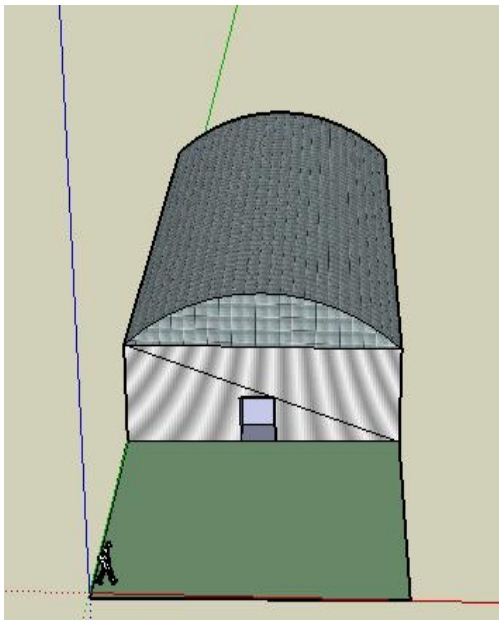

Metal sheets.
Sand bags.
Spade.
Grass.
Angle iron.
Place near house.

Step 1) First you find a grassy place near the house.

Step 2) Using the spade dig a hole in the ground of how big you want your shelter to be.

Step 3) Then you get some metal sheets, and put them together using the angle iron.

Step 4) Now you have to make the door, using wood, and hinges.

Step 5) When you have done that, put sand bags on top of the shelter.
